House Rules:

The following rules specific to bingo are IN ADDITION TO any VVFD house rules which may be posted in various locations around the VVFD bingo hall and/or facility.

1. A good bingo MUST have the last number called in the pattern.
2. Monitors are there for your convenience. No number is valid until called by BOTH letter and number.
3. The serial number of all games claimed to be winners may be checked.
4. All those occupying a seat in the hall are considered players and must purchase the minimum admission and are required to have a valid admission ticket. It must be properly filled out and easily visible to the bingo committee staff.
5. It is the PLAYER'S responsibility to notify the caller of a bingo. Be sure to call "BINGO" loudly enough.
6. No bingo is allowed after the balls have been dropped.
7. Only those at least 18 years of age are permitted to play bingo.
8. Per state law, as much as we would like to do so, members of the Fire Department cannot play your cards for a short time as a convenience. Instead, please ask a fellow player to cover your cards if you need to leave your table.
9. Please keep careful control of your personal belongings. The Department cannot be responsible for their loss.
10. We ask that cellular phones be turned off or on vibrate while bingo is in session. Use is permitted during intermissions.
11. Please be considerate of others and restrict your conversations during play.
12. The caller has the final word in all matters relating to the direct play of bingo games, the games administrator has the final say in all other matters.
13. Door prize numbers are pulled randomly from the admission ticket numbers sold until 6:00PM. It is possible that if you arrive after that time, your admission ticket number was not considered.
14. The VVFD Bingo staff reserves the right to instruct players who are rude or disruptive to leave the premises, without refund.

Sales and Refund Policy:

1. Please have your money ready while waiting in line, as this helps the line move faster. Exact change helps.
2. Please check your purchases and count your change *before* leaving the sales table.
3. We only accept checks if our ATM is not functioning. Checks are only cashed at the instant table and require a photo I.D. There is a minimum purchase of \$10 in instants.
4. \$20.00 service charge for returned checks (insufficient funds).
5. Refunds are made only for unmarked, unopened books. After the first game in a book has been played, that book will be rendered un-returnable, whether it has been marked or not. Refunds are made on a pro-rated basis for computers, should there be a malfunction and no other computers available for replacement. Once we have begun calling the first game, electronic bingo computers will be rendered un-returnable. With no computer receipt, a malfunctioning computer can only be exchanged for a 36-card computer, so please keep your receipt!
6. Games already played when books are purchased will be rendered unplayable. There is no price reduction for the removal of games already played from your purchases.
7. No one under the age of 18 may PURCHASE or OPEN instant tickets.
8. Instant bingo winners will be paid off on the night they are sold, unless the instant bingo administrator makes a specific exception (i.e., a hold-card-game doesn't sell out in one night).

Progressive Bingo Jackpots:

We will post the amount of the jackpot for each progressive game along with the number of calls that you must bingo within to win the jackpot. If no one wins the progressive jackpot within the specified number of calls, we will continue calling for a \$100 consolation prize. Every week, each of the progressive bingo jackpot prize amounts will increase by \$100. The number of calls needed, will increase by 1 number each week, until the progressive prize is won. Progressive jackpots begin at \$500 and cannot exceed \$5,000.
